

PARTICIPANT RULES & REGULATIONS // 4-WHEEL JAMBOREE

updated 3.19.24

4WJ PARTICIPANT RULES & REGULATIONS //

Credential Information- Participant entry fee includes:

Two (2) wristbands (for the driver and 1 adult passenger), a window sticker for your vehicle that must be adhered to and displayed on the driver's side of the windshield, a window card for show N Shine entry and a goodie bag. Your entry also covers up to 5 children aged 15 years old and younger that ride in your vehicle onto the show grounds. Wristbands/tickets are not distributed for children 15 years old and younger, and they must enter the grounds in a participant vehicle. If you need additional adult or child tickets for passengers in your vehicle, you may purchase them in advance online or at the Registration trailer when checking in. The checkpoint entry will qualify any passengers and determine the need to purchase extra tickets.

Cruise Rules:

Events Inc. is committed to ensuring a safe and enjoyable cruise experience at our events. Our cruises are intended to be a showcase of the vehicles at the event. The maximum cruise speed is 10 MPH. Any participant speeding, doing burnouts, driving recklessly, rolling coal, or engaging in unsafe cruising will also be subject to immediate expulsion. THERE WILL BE ZERO TOLERANCE for any behavior that endangers the well-being of our participants or spectators. All cruise participants are subject to the laws and regulations of both the State in which the event takes place and the facility. You must be a licensed and insured driver to participate in the cruise. Events Inc. reserves the right to deny any vehicle participation in the Cruise route based on the appropriateness of the vehicle relative to the nature of the event, concerns of driver impairment, the safety of the vehicle, or violation of event rules, governing laws, or facility regulations. Furthermore, anyone encouraging people to break the rules will also be subject to immediate expulsion.

Vehicles must be insured. Please be prepared to show proof of insurance if requested.

Legal age of Participants:

All participants must be at least 18 years of age with a valid driver's license to register and drive a vehicle into the show. If a participant is under 18, with a valid driver's license, a parent or legal guardian must sign a Parental Release Form at the Registration area PRIOR to entering the show. The minor will also need to sign a release and present their valid driver's license. In order to race in the Mud Bogs, the driver must be 18 years of age by the Friday the show begins.

Pick-up of Registration Credentials:

To pick up your registration credentials, the person who is registered must show their valid, unexpired Driver's License at the Registration pick-up area at each event. Due to liability, you cannot pick up someone else's Registration materials even if you have their confirmation and ID as a waiver will need to be signed by each individual Participant.

Registration will be open for pick-up during the following times:

- Thursday 12:00pm-6:00pm
- Friday 8:00am-6:00pm
- Saturday 8:00am-6:00pm
- Sunday 8:00am-10:00am

Refund & Change Policy:

Once you purchase a registration for a vehicle, it is **not refundable at any time prior to, or after the show.** If you wish to change the vehicle you registered to a different vehicle, you may do so up until 2 weeks prior to the show by contacting info@4wheeljamboree.com.

Participant Trailers:

Trailered show vehicles must be unloaded at Registration or trailer parking and driven into the show. **No trailers will be allowed to be driven into the fairgrounds at any time.** If your vehicle is entered into a race in the event, you will be able to tow your trailer into the racing area, but you **MUST** obtain a tow-vehicle sticker from Registration pick-up.

Participant Conduct:

Events Inc. expects and requires all participants to conduct themselves in an appropriate manner during all activities of the event. All Events Inc. are inclusive environments, and we embrace a multicultural and diverse community. We do not tolerate discrimination, harassment, bullying, xenophobia, or racism in any form. Events Inc. is committed to providing a harassment-free experience for everyone, regardless of gender, gender identity and expression, sexual orientation, disability, physical appearance, body size, race, age, or religious affiliation. Management will under no circumstances, tolerate any of the following: drunkenness, public nudity, burnouts, recklessness, foul language, standing up in the truck bed, fighting or the throwing of anything from the vehicle including beads, candy and other objects. There will be no more than 5 people allowed to ride in the back of any truck bed. Participants may not display flags, banners, signs or t shirts featuring offensive language or imagery, and any other representation deemed offensive or inappropriate by event staff. Events Inc. **WILL** pull your show credentials for any inappropriate conduct inside or outside of the show grounds. There will be a **ZERO TOLERANCE** policy on disruptive behavior at all events. Security is present to ensure a fun event for everyone, please comply when they make a request.

Participant Amenities:

Participants are permitted to bring coolers into the show in their vehicle for food and soft drinks. We ask that **NO GLASS** bottles be brought onto the show grounds. Drinks in aluminum cans should be put into a can coozie or poured into a cup. Beverages and/or coolers will **NOT** be permitted to be carried into the grandstand area. Please remember that spectators entering the show from the walk-through gates are **NOT** permitted to bring food or drinks onto the show grounds, so please be considerate in this matter. **There is only ONE gate that participants can enter with coolers, which is the participant gate. No entry is allowed through a spectator gate with coolers of any kind and will be stopped by event personnel.**

Vehicle Security at the show:

Security will be provided starting at the opening of on-site Registration and continuing through the close of the show on Sunday, but you leave your vehicle and trailer at your own risk. Events Inc. does not guarantee the safety or security of any property left on any site at any time. We take reasonable measures to prevent theft and damage, but we do not guarantee it.

Alternate modes of transport:

For safety reasons, the use of all personal means of transportation including bicycles (children or adult), ATV's, motorcycles, mini-bikes and segways is always forbidden on the show grounds, including show days & vendor set-up days.

ADA Vehicles:

Privately owned ADA Scooters may be brought on grounds for no additional cost. Anything other than a scooter (ie. golf carts and other slow moving motorized vehicles) are not considered ADA vehicles. If you wish to bring a vehicle like this, you must pay to register it through the regular Registration process.

Animals & Pets:

We do not allow animals into the event. This includes, but is not limited to dogs, cats, snakes, birds etc. Please leave your pets at home or at your hotel, as we will not allow them into the event or on any part of the fairgrounds including parking lots or campgrounds. Officially registered service animals are permitted by law.

Drones:

Drones are not permitted at any Events Inc... Any person found flying a drone will be subject to immediate expulsion from the event.

MUD BOG //

Class 1 - Street Stock

- Stock engine / NO engine swaps outside of vehicle family / NO nitrous or power adders
- NO aluminum heads unless factory to that vehicle and engine
- Maximum of 36" measured tire heights / D.O.T. tires
- Stock style suspension to the chassis / lift kits allowed
- Full stock body / full interior / NO gutting for weight loss
- Exhaust with mufflers required / mild intake, carb and header upgrades allowed

Class 2 - Super Stock

- Engine swaps allowed / performance upgrades allowed / NO nitrous or power adders
- NO aluminum heads unless factory to all production of the engine
- 39.5" and under D.O.T. tires / exhaust must extend past drivers seat or have mufflers
- Stock appearing body / moderate gutting allowed
- Full dash required (stock or custom) / NO firewall mods for weight transfer / NO sheet metal cutting for weight loss on cab or front end / radiator in stock location for chassis
- Factory style suspension
- Full factory frame / factory style drivetrain with engine in factory location of chassis

Class 3 - Modified

- Same rules as Class 2 with the exception of the following:
- Up to 44" D.O.T. tires
- Radiator can be relocated
- Open headers allowed

Class 4 - Super Modified

- Gutting allowed / must retain basic steel cab or tub / aftermarket fiberglass parts allowed
- NO nitrous or power adders
- 44" and under D.O.T. tires
- Any factory style drivetrain and suspension is allowed / NO coil overs used in place of stock springs
- 4-Link must be coil springs with separate conventional shock
- Full factory frame of any make / max of 12" from center of axle to #1 spark plug

Class 5 - Open / Unlimited

- Cut tires / skin bodies / power adders / chain drive and custom suspension allowed

Class 6 - Mega Truck Class

- Military, industrial or 2.5 ton and larger axles / AG and V-Tread tires only

Powder Puff

- Girls ONLY Class
- Class 1-4 trucks

All Class Rules

- Must have proper safety equipment
- NO Pintle hitch / NO chains will be used for pulling back
- Events Inc official has the right to not allow a rider in any vehicle if deemed unsafe

ALL RULES ARE SUBJECT TO CHANGE AT ANY TIME FOR ANY REASON
QUESTIONS - LEE@EVENTS-INC.COM

TUFF TRUCKS – MODIFIEDS //

Explanation of Contest:

Modified Tough Trucks is a side-by-side, bracketed contest on an obstacle course. The course design will vary at each Jamboree depending on the local terrain. The course is designed to challenge the driver's skills. Contestants should check the event schedule for Tough Trucks times. Transponders will be used for timing. We will use transponder times for Qualifying and Lane Choice. Final Brackets are head-to-head Transponders can be rented for \$30/event or you can bring your own if it is compatible with our timing system.

Classification:

Tough Trucks vehicle classification will be determined at Tech Inspection. Events-Inc will make the final decision on vehicle classification. Vehicles will have 1 classification per weekend and this classification may not be changed.

Tough Trucks Awards: Modified

Must have valid yearly W 9 form racer prior to being paid.

- 1st - \$1000
- 2nd - \$600
- 3rd Round Loser - \$400
- 2nd Round Loser - \$250
- 1st Round Loser - \$175

Vehicle Requirements:

The vehicle must be an ordinary 4-wheel drive vehicle (automobile in appearance) or sport utility vehicle. The vehicle must be owned and operated by a registered Jamboree participant. **No Spectator Vehicles Will Be Allowed.**

Policy:

- Must be a licensed driver and at least 18 years of age to participate in the contest.
- No alcohol or drugs permitted. This policy will be strictly enforced and presence of alcohol or drugs will automatically disqualify the driver and vehicle from competition. Any participant who refuses to take a Breathalyzer test, or fails the test, will be disqualified immediately by the Tech Inspector.
- It is **mandatory** that a licensed driver be seated in the normal driving position any time the engine is running, including pit area, staging lanes, turn around and return road.
- No high-speed driving or "hot-dogging" will be tolerated in the Tech or Staging areas. **NO WARNING WILL BE GIVEN.** These actions are grounds for immediate disqualification of vehicles and driver by Event Management.
- Management reserves the right to re-tech a vehicle for any reason and reserves the right to disqualify or deny any driver the right to compete if management feels either is unsafe for any reason.
- Events-Inc decision on vehicle's eligibility is final.

General:

- Vehicle must be in overall good shape and safe operating condition.
- The truck body must be firmly attached to the chassis.
- All loose objects must be removed from the interior of the truck and bed.
- Each vehicle's battery must be securely held in place. (No straps, rope, expando cords, etc.) If the battery is mounted in a non-stock position, it must be completely covered or placed in a battery box.
- See "Roll Cage" section.
- Vehicles with doors removed and fiberglass bodies must have door bars on the driver's side only.
- Must have front and rear tow hooks with keepers. No trailer hitches.
- Vehicle **MUST** be equipped with a working transmission neutral safety switch, and operable forward and reverse.
- Vehicles with permanent glass must have side windows rolled down completely during competition.

- Vehicle must have a rear kill switch. All added weight must be painted white and securely fastened to the frame or chassis. (this will be enforced at tech inspections discretion) Any weights lost on track will result in an automatic DQ at race officials' discretion.
- Transponders must be mounted safely & approved by tech on location.

Driver Safety:

- Drivers must wear a 31.2 (closed face) helmet manufactured no earlier than 2005 and an 3.2A/5 or greater **full fire suit**.
- A safety approved neck collar is required. Each driver must provide his/her own neck collar.
- Each vehicle will require a minimum of a 5-point harness with 2 shoulder straps, a submarine belt and a lap belt. A "Y" styled RACING harness will be accepted.
- All harness mounting brackets should be attached directly to the roll cage of the truck and installed to limit the driver's body travel both upward and forward. Do not mount sheet metal floorboards. **Under No Circumstances Are Bolts To Be Inserted Through Belt Webbing.**
- Driver's hands and feet must be ALWAYS inside the drivers' compartment while competing.
- Must have a secure, 2 1/2 lbs. fire extinguisher, with a dial gauge on board, within reach of the driver.
- Firewall and full floor (.030" minimum are mandatory.
- Window nets are required.

Roll Cage:

- All vehicles with a soft or removeable top must be equipped with a 6-point roll cage and be tied into the frame of the vehicle in no less than 4 places; this includes all Jeeps.
- Roll bar must be mounted directly behind the driver's head.
- Roll bars must be constructed of at least .090" steel tube with a minimum diameter of 1 1/2" (exhaust pipe tubing will not be acceptable). Bends must be continuously round with no sharp corners or edges.
- A minimum of 1 side door bar is required. This must be constructed of a round tube or square tube with a diameter of 1 1/4". This is to be mounted with intent to protect the driver in case of side impact.
- If the roll bars are padded, the welds must be exposed for inspection.
- Manufactured or purchased "show" or "dress" bars are unacceptable.

Engine:

- No turbo/superchargers allowed with the exception of diesel engines only. Naturally aspirated only.
- No Nitrous (NO₂) allowed.
- Engine setback will be no more than 15% of the overall wheelbase. Setback is calculated from the center of the front axle or spindle to the forward edge of the engine block.
- Vehicles must have a complete firewall regardless of engine location.
- Radiators not in stock mounting position must be securely mounted and are limited to electric fans only.
- All water lines passing through the driver's compartment must be shielded.
- Engines are limited to a single 4 barrel or 2-barrel carburetor. Throttle body and multi-port fuel injection allowed.
- At least two throttle return springs are required.

Fuel:

- All vehicles must be powered by gasoline, race fuel, propane, E85 or diesel fuel. Any method of artificially cooling or heating fuel is prohibited. Absolutely no methanol.
- No fuel lines will be allowed in the driver's compartment.
- Any vehicle not using a stock gas tank in the original mounted position must have a fuel cell that is attached in a secure position, inside the frame rails. Any fuel cell must have an anti-spill valve. All fuel tanks must be isolated from the driver's compartment by a firewall, completely sealed to prevent any fuel from entering the driver's compartment. Insulated fuel tanks prohibited. When used, fuel cells must have a metal box protecting that part of the fuel cell that is outside of body lines or truck floor, excluding the hose-connection area in rear.

- The top 4 trucks will have their trucks impounded to Tech and have their fuel tested immediately upon completion of competition.

Exhaust:

Vehicles must be equipped with an exhaust system, but do not necessarily have to have a muffler.

Brakes:

- All vehicles must have operable brakes on all 4 wheels.
- Drive shaft brakes may be used in addition to the 2-wheel braking system.
- Steering Brakes Allowed

Suspension:

- Four-link suspension systems are allowed, front and rear.
- Cantilever and/or compound suspension systems are not allowed.
- Multiple shock kits and coil over shocks allowed. Maximum travel rating for shock not to exceed 14".
- No shocks that can be adjusted while in motion are allowed.
- No composite, fiberglass or quarter elliptical springs are allowed.
- Shock mounting points may be strengthened, redesigned, and/or modified.

Wheels and Tires:

- D.O.T. only.
- No recaps or vulcanization. Alterations of tread design allowed.
- No Snap-On hubcaps or wheel covers allowed.

Body:

- Must be a truck or Jeep in appearance. All vehicles should have fenders and hoods.
- NO TUBE FRAMES. Frames may be lengthened by adding material. Main frame rails if being modified from the firewall forward or behind the driver's compartment must be constructed of a minimum of 2x2 rectangle steel with a minimum thickness of .095 wall mild steel or .085 ducol tubing with the frame rails to extend to both the front and rear axles.
- Frames may NOT be modified or altered from forward of the firewall to 6 inches behind the back of the driver's seat. (tech director reserves the right to make decision on this rule during tech inspection)
- Frame repair may be made due to damage, but must be made back to stock format (material/thickness/design)
- Homemade fiberglass or sheet metal bodies must retain stock configuration.
- Hoods, fenders and/or bedsides must be in stock position. No narrowed vehicles.
- Full flooring in the driver's compartment required. A metal firewall extending from door to door to 6" behind the driver seat (minimum .030" thickness).
- Vehicles damaged due to accidents will be reviewed on a case-to-case basis.

Steering:

Front wheel steering only. Rack and pinion steering will be allowed. Mounting will be subject to inspection by Tech Officials. Hydraulic steering is allowed but **MUST** have a bypass on the orbital box. Driver seat can be relocated to the center of vehicle.

TUFF TRUCKS – STOCKS //

Explanation of Contest:

The Tough Trucks Stock Class contest is a timed obstacle course. The course design will vary at each Jamboree depending on the local terrain. Contestants should check the event schedule for Tough Trucks times.

Classification:

Tough Trucks vehicle classification will be determined at Tech Inspection. Events-Inc will make the final decision on vehicle classification. Vehicles will have 1 classification per weekend and this classification may not be changed.

Vehicle Requirements:

The vehicle must be an ordinary 4-wheel drive truck or sport utility vehicle **With the Intent of Being Stock**. The vehicle must be owned and operated by a registered Jamboree participant. **No Spectator Vehicles Will Be Allowed.**

Policy:

- Must be a licensed driver and at least 18 years of age to participate in the contest.
- No alcohol or drugs permitted. This policy will be strictly enforced and presence of alcohol or drugs will automatically disqualify the driver and vehicle from competition. Any participant who refuses to take a Breathalyzer test, or fails the test, will be disqualified immediately by the Tech Inspector.
- It is **mandatory** that a licensed driver be seated in the normal driving position any time the engine is running, including pit area, staging lanes, turn around and return roads.
- No high-speed driving or “hot-dogging” will be tolerated in the Tech or Staging areas. **NO WARNING WILL BE GIVEN.** These actions are grounds for the immediate disqualification of vehicles and drivers by Event Management.
- Management reserves the right to re-tech a vehicle for any reason and reserves the right to disqualify or deny any driver the right to compete if management feels either is unsafe for any reason.
- NMRO decision on vehicle’s eligibility is final.

General:

- The vehicle must be in overall good shape and safe operating condition. The truck body must be firmly attached to the chassis.
- Loose objects must be removed from the interior of the truck & bed.
- Each vehicle’s battery must be securely held in place. (No straps, rope, expando cords, etc.)

All Vehicles with Any Type Of Removable Top And All Open Vehicles Must Be Equipped With A 6-Point Roll Cage And Be Tied Into The Frame Of The Vehicle In No Less Than 4 Places. (This includes all Jeeps.) Roll bars must be constructed of at least .090” steel tube with a minimum diameter of 1 1/2” (exhaust pipe tubing will not be acceptable). Bends must be continuously round with no sharp corners or edges.

Must have front and rear tow hooks with keepers. No trailer hitches. Vehicle **MUST** be equipped with a working transmission neutral safety switch, and operable forward and reverse. Vehicles must have glass side windows rolled down completely during competition.

Driver Safety:

- Drivers must wear a safety approved full-face helmet manufactured no earlier than 2005, long pants and a sleeved shirt (i.e., no tank tops). Each driver must provide his/her own helmet.
- A safety approved neck collar is required. Each driver must have a minimum of a 4-point harness with his/her own neck collar.
- Each vehicle will require 2 shoulder straps and a lap belt. A “Y” styled RACING harness will be accepted.
- All harness mounting brackets should be attached directly to the frame or chassis of truck and installed to limit the

- the driver's body travels both upward and forward. Do not mount sheet metal floorboards. **Under No Circumstances Are Bolts to Be Inserted Through Belt Webbing.**
- Drivers must stay on the designated course or may be disqualified.
- The driver's hands and feet must ALWAYS be inside the drivers' compartment while competing.

Engine:

- Maximum of single 4-barrel carburetor, naturally aspirated (factory options allowed).
- No superchargers/turbochargers allowed with the exception of turbos allowed if equipped from factory and no modifications.

Fuel:

- Gasoline and diesel fuel only. (you can use E85)
- If a vehicle is capable of running nitrous, the bottle must be removed, and lines disconnected at the solenoid.

Exhaust:

Open headers or exhaust are allowed.

Brakes:

Factory system must be in good condition and fully operational.

Chassis/Suspension:

- The suspension system must be a stock factory or acceptable OEM replacement.
- Aftermarket lift kits acceptable.
- Front suspension is only allowed for a maximum of 2" block.
- Must have a stock chassis.

Tires:

D.O.T. only. No recaps or tread alterations.

Body:

Full body is required and must retain truck appearance. Windshield, grills, and headlights optional.

Tough Trucks Payout: Stock (based on number of trucks entered)

All Payout Checks will be onsite 1 hour after the final event at Tech. If you leave it will be mailed to your registration address – Driver must provide new 2024 W9 to be paid.

Payouts:

- 5 or more trucks: 1st - \$250, 2nd - \$175, 3rd - \$100, 4th - \$75, 5th – \$50
- 4 trucks: 1st - \$200, 2nd - \$100, 3rd - \$75, 4th - \$50
- 3 trucks: 1st - \$150, 2nd - \$100, 3rd - \$50
- 2 trucks: 1st - \$100, 2nd - \$500
- 1 truck: \$75

 QUESTIONS - LEE@EVENTS-INC.COM

SXS RACING //

Explanation of Contest:

The SidexSide Shootout is a timed run on our UTV infield course. Competition will consist of open practice(s) (weather permitting) and time final runs. Competitors will go 2 at a time on our 2-lane course. Each competitor will run twice, once in each lane. Place will be determined by the fastest time of the 2 runs.

Driver:

- Full face helmet or open face helmet with goggles must be worn by the driver. Tech inspection reserves the right to reject any helmet as they see fit.
- Drivers must wear long pants (no shorts or sweats).
- Drivers must wear a shirt with sleeves (no cut offs, bikini tops or tank tops).
- Drivers must wear closed-toed shoes (no sandals, crocs or flip flops).
- Neck braces are recommended during competition.

Race Vehicle:

- “Two-Seater Class” All factory engines, turbo and non turbo UTVs. (Includes all Utility Vehicles regardless of cc)
- “Four-Seater Class” All factory engines, turbo and non turbo UTVs. (Includes all Utility Vehicles regardless of cc)
- We highly recommend UTV to have a fire extinguisher mounted on the vehicle.
- Must have at least a 4-point harness.
- Factory roll cage must be intact, or aftermarket roll cage approved by tech inspection.
- Must have doors or safety net for the driver.
- We highly recommend drivers use arm restraints when racing.

Competition Rules:

- Each driver gets practice runs on the course if they choose, which will be listed on the Schedule of Events. Racers will be placed into a bracket by a random drawing system at tech. Each racer that wins their race per bracket will move onto the next round until the Final race is reached. Brackets will not be timed.
- Full track rules and penalties will be discussed at each event during the drivers’ meeting. (Please check the schedule for driver’s meetings. You must attend 1 driver’s meeting to race).
- Drivers only will be allowed in the competition area.
- Horseplay will not be tolerated in the competition area or in the pits. No warnings will be given, race officials will ask UTV to be parked for the remainder of the weekend and this is the sole discretion of the race official.
- **ABSOLUTELY NO ALCOHOL IN THE INFIELD.** We will be checking and if anyone with a bracelet matches a driver or pit person, the driver will be disqualified with no questions asked with no runs, no points, no payouts at that event. This is before, during and after the racing class is over. This is a ZERO TOLERANCE policy.

UTV Fun Runs:

We will offer UTV Fun Runs if our Jamboree schedule allows for it with a UTV that isn’t competing in the shootout during shootout practice times on our infield course. This will be a show-by-show basis. These will be one at a time and not timed. Participants must pass tech inspection first and abide by the above rules.

Contingency/Pay-out:

- 1st - \$400, 2nd - \$100, 3rd - \$50
